### 2. General Standards:

As a charitable organization, the Elk Valley Regional Land Trust Society (“the Trust”) serves the public rather than private interests and strives to preserve the highest level of integrity and trust with the communities it serves and all parties with whom it interacts.

The Trust will follow its property acquisition criteria and procedures while engaging in land and conservation agreement transactions regardless of ownership or circumstances.

The Trust will deal with conflicts of interest as soon as possible as they arise.

The Trust will not accept a donation or complete a land transaction if an identified conflict of interest is not addressed

Insiders shall abstain from accepting gifts or gratuities in excess of \$100.00 from individuals or organizations engaged in transactions with the Trust unless otherwise approved.

This policy is intended to supplement but not replace any provincial or federal legislation governing conflict of interest applicable to registered charities or not-for-profit corporations.

The Conflict of Interest policy will be provided to all new staff members, directors and to others as appropriate. It will be posted on the Trust website.

### 3. Procedure:

Insiders will identify and immediately disclose any pecuniary interest by declaring such interest to the Executive Director, the President of the Board of Directors or to the relevant committee chairperson. The pecuniary interest shall be disclosed in writing or by requesting to have it entered in the minutes of the meetings of the Board. The disclosure shall include the nature and extent of the pecuniary interest and if disclosed at a meeting of a committee of, or reporting to, the Board it shall be brought forward as soon as possible to a meeting of the Board.

In the case of a director or member of a committee of, or reporting to, the Board of Directors disclosure required by this policy shall be made:

- a) At the meeting at which a material matter is first considered or if the individual is absent from that meeting then at the first meeting attended by the individual thereafter;
- b) If the director or member was not, at the time of the meeting referred to in paragraph a) interested in the material matter, at the first meeting after the director or member becomes so interested;
- c) If the director or member becomes interested after the material matter is dealt with, at the first meeting after the director or member becomes so interested; or
- d) If an individual who is interested in a material matter later becomes a director or member, at the first meeting after the individual becomes a director or member.

In the case of an officer or staff person who is not a director or a member of a committee of, or reporting to, the Board of Directors disclosure required by this Policy shall be made

:

- e) Immediately after such individual becomes aware that the material matter is to be considered or has been considered at a meeting;
- f) If such individual becomes interested after a decision respecting a material matter has been made, immediately after such individual becomes so interested;
- g) If an individual who is interested in a material matter becomes an officer or staff person, immediately after the individual becomes an officer or staff person.

The chair will call the question of pecuniary interest at the beginning of each Board meeting or meeting of a committee of, or reporting to, the Board and bring forward any such interests reported since the previous meeting.

The Board of Directors will make the final determination whether a pecuniary interest exists or whether an identified interest relates to a material matter. Insiders agree to be bound by the decision of the Board of Directors.

Insiders will provide all relevant information as requested and will abstain from participating in any decisions or voting on matters where they have a pecuniary interest. Insiders will not be present while discussions and deliberations on the matter take place

An insider may communicate with the Executive Director or with a member of the Board of Directors when that insider reasonably believes there is an apparent pecuniary interest on the part of any other insider that has not been reported to Board of Directors or acknowledged in any way. The Executive Director or member of the Board will bring the matter forward to the Board of Directors.

Where there is a failure to declare a pecuniary interest, The Board of Directors will determine the course of action up to and including removal from employment, office or membership. No insider will be removed unless the individual has been given fair notice and has had the opportunity to address the Board concerning the matter.

All matters related to pecuniary interests will be reflected in the minutes of meetings of the Board of Directors.
